The Daily Quote

"Today's report from the Government Accountability Office confirms what I have been hearing from people across the country: the Recovery Act is working to jump-start critical infrastructure projects, cushion the impact of record state budget deficits and provide new job opportunities for hard-hit communities...The fact that a survey of nine major Recovery Act programs across sixteen states by the government's top watchdog, showed such significant progress is a testament to the care with which we have put taxpayer dollars to work."

- Vice President Joe Biden, Statement on the GAO Report on the Recovery Act, 9/23/09
