The Daily Quote

"The legislative package cracks down on insurance company abuses and protects and strengthens guaranteed benefits in Medicare, the program millions of our members depend on and in which millions more will soon enroll.... For every American who has struggled without access to health insurance—and for all those at risk of losing their current coverage with the next job loss, illness or premium hike—this package presents the best hope to offer health security for them and their families.... We urge Congress to seize this opportunity to improve health care so older Americans and their families get the care they need."
